

Providing Reliable Propane Service Since 1949

Finding a family Business in a small town generally isn't too tough. But finding one that has been around for more than 60 years and four generations makes it a slightly tougher task. However, it does exist. Since John William Brooks founded Brooks Gas Co. in 1949, Brooks Gas Co. has made its home just off the square in Marshfield, Missouri. Since that time, Brooks Gas Co. has built a reputation as a dependable propane gas supplier that has seen steady growth over the past several decades. Brooks Gas Co. is a full-service propane company offering sales, installation and repair of propane and propane appliances. We pride ourselves on providing excellent customer service with a personal touch. Our showroom in Marshfield, Missouri, contains a wide selection of grills, gas logs, fireplaces, wood pellet stoves, and accessories.

Topic: Carefully Select Your Professional Help.

How do you find a doctor who really wants to help you?

Rule number one is “take command”. In the war against cancer, you’re the general. It’s your body, your health, your money. Everyone else is hired help. Their role is to assist you to accomplish your goal of health and healing by lending their specialized expertise to the project.

The health fields represented on you team should include an oncologist, a nutritionist, a metabolic physician, and a chiropractor.

Oncologists know the facts about chemotherapy. They are also equipped to keep track of the rate of cancerous activity in your system so that your life may be prolonged, but won’t cure your disease.

Nutritionists are not the same as dieticians. Nutritionists will design a nutritional therapy plan following an exhaustive blood test to meet your specific healing needs. Diet is a major factor in the development of cancer. Nutritionists are concerned with figuring out the specific foods that we need to eat, detoxifying the body, and using juice fasting and bowel cleansing (enemas) to reestablish and maintain the health and vitality of the metabolic system.

Metabolic Physician is a medical doctor specializing in helping the body renew or maintain health through nutritional biochemistry. He stands in the gap between the oncologist and the nutritionist, able to administer certain kinds of therapies that a nutritionist might recommend but can’t legally render – therapies that an oncologist could legally render but doesn’t normally make a part of his practice. Look for someone who is willing to take the time to help you learn.

Chiropractors ensure the healthy functioning of the body’s nervous system. Proper nerve function helps the body operate in a self-healing way. It can repair itself.

Synergism and networking

Synergism in the war on cancer is the process of drawing on each field and specialist for those contributions that you deem necessary to form an effective battle plan.

One of the best ways to discover health professionals for your team is through networking with other cancer warriors.

No practitioner should be treated as the ultimate and only authority on the subject of health care. Each can offer you the benefit of what he or she has learned, but it is up to you – using your common sense, instincts, past experience, present needs, and future goals – to decide whether what a practitioner concludes is true and helpful to you. That is how you remain in charge.

9. Faith Support

Churches, prayer groups, praying for each other,

Divine healing – James 5: 13-16.

“Is any among you afflicted? let him pray. Is any merry? let him sing psalms. Is any sick among you? let him call for the elders of the church; and let them pray over him, anointing him with oil in the name of the Lord: And the prayer of faith shall raise him up; and if he have committed sins, they shall be forgiven him. Confess your faults one to another, and pray one for another, that ye may be healed. The effectual fervent prayer of a righteous man availeth much.”

1 Thess 5:16-18: “Rejoice evermore. Pray without ceasing. In everything give thanks: for this is the will of God in Christ Jesus concerning you.”

10. Nutrition and Detoxification

“It seems clear that if a cancer warrior is going to have any hope of ultimately conquering cancer and winning back health, a very aggressive process needs to be undertaken to reverse the chronic degeneration of the body of which cancer is but a symptom. It all comes down to changing the body’s toxic chemistry through the metabolic process of detoxification and diet – and the sooner the better.”

Thankful
Thursday

☀️ Thankful Thursday Spotlight ☀️

This week we are proud to recognize Chuck Cooksey for his incredible dedication to the **Marshfield R-I** School District.

Here's what the Inman family shared about Chuck:

"We would like to thank Chuck Cooksey for his dedication in announcing the Marshfield High School Football games and other sporting events. Chuck always goes above and beyond in encouraging team spirit, pronouncing names and sharing complete and accurate information with fans filling the bleachers. Chuck's dedication to the Marshfield R-1 School System and to our community is certainly

evident each time that he is behind the microphone. He is always proud to be a Blue Jay! Thank you, Chuck for all that you do for Marshfield."

Chuck, your voice has become part of the Marshfield Blue Jays experience — bringing energy, pride, and spirit to every game. We are so thankful for the way you champion our students and celebrate our athletes.

Thank you, Chuck, for all you do — we hope you enjoy your treat to **La Katrina's**. You most certainly deserve it!

Who do you know that goes above and beyond to serve our community?

Share Your Christmas needs your help!

Our only adoption tree is in the Courthouse this year. Due to Thanksgiving being so late in November, the turnaround is short, but negotiable if you will call Annie Nehl at 417-827-0508. There is a tree at Walmart with item requests from XPO who has generously adopted several large families. There are still cases at the Courthouse that need filling. Share Your Christmas is helping 187 children this year. Your kindness and generosity are greatly appreciated!
